

# Low-code No-code Platform

**Rapid Deployment**

**Customizable Components**

**25 Years of Innovation**

Veggo is a financial industry specific LCNC platform encapsulating VERMEG's 25 years of unique technical & functional expertise in leading digital transformation of global industry leaders.

Veggo empowers teams to build better, faster, and legacy constraint free solutions, for accelerated innovation and increased agility.

## **Enhance Agility**

Empower your teams with a platform that adapts at the speed of your ideas.

## **Reduce Time to Market**

Streamline workflows with plug-and-play components for faster deployment.

## **Enable Innovation**

Move away from legacy constraints to transform your organisation digitally.

## **Increase Productivity**

Foster operational efficiency and scale up your team's output.

## **Cost Reduction**

Save on development time and costs with Low Code No Code capabilities.

## **Expertise-Driven**

Leverage VERMEG's 25 years of industry expertise in digital transformations.

### Veggo Marketplace

Tap into an extensive library of industry-specific modules, trusted applications, connectors, and UI components to build custom applications.

### Seamless & Swift

Accelerate your time-to-market with rapid prototyping, integration, and deployment, ensuring your organization remains agile and responsive.

### Plug and play - Applications

Utilize ready-to-use applications addressing industry-specific challenges, enhancing efficiency and innovation.

### Enable Citizen Developers

Enable your team members of all skill levels to contribute in creating potent financial and insurance solutions.

# Purpose-built platform designed to maximize your edge.

Build it and drive the change!

ISO 27001 certified
